## Produce News

**Asparagus:** New crop in Caborca Mexico has started up with limited volume; jumbo will very limited, so we are bringing organic jumbo from Ecuador for now. Better supply and pricing is expected in the next couple of weeks. Peru season is winding down; weather is getting hot in the growing area.

### Berries:

- **Blackberries:** Central Mexico volume continues to improve due to favorable weather condition, but quality is hit and miss showing minor red cell and soft fruit.
- **Blueberries:** Central Mexico continues have steady production and good quality. Peru volume is steady and Chile is expecting to peak in early Feb.
- **Raspberries:** Central Mexico has good supply and quality, covering about 95 percent of demand. California is contributing very small volume while the season continues to decline.
- **Strawberries:** Central Mexico supply continues to improve recovering from hailstorms that hit the growing area. Baja quality is fair, showing issues with decay and bruising. Santa Maria growing area is starting to improve due to favorable weather, but quality is hit and miss showing early pin rot and white shoulder issues. Stem berries are available but very limited, Pre order item.

**Carrots:** County Lines Organic Baby French, Rainbow & Thumbelina Carrots supplies are steady. Prices are up due to high labor. Babe Farms Baby French Carrots supplies are gapping due to slow growth. Jumbo Juicing Carrots are gapping this week due to small sizing. Conventional Carroteenie's, Diced & Carrot Sticks, Baby Peeled & Organic #2 grade Rainbow Carrots supplies are steady.

**Celery:** Supplies are limited with fair quality out of Oxnard and Yuma. Using different sizes depending on quality at that time. Prices are still very high.

**Chicory:** County Lines Mixed Chicory supplies are winding down for the season. Their Palla Rosa is limited to stock on hand and then is finished for the season. We will be bringing in Dirty Girl's mixed chicories on Thursday. Babe Farms Blond Frisee supplies have been limited by cold/wet weather last week but are recovering. County Lines Organic Frisee supplies are steady. Radicchio, Treviso and Castelfranco supplies are steady with good quality from Madera County. Pink Radicchio is available but the season is expected to end very early this year, approximately 2 weeks.
