LOCAL GROWER SPOTLIGHT

Goldbud Mountain Growers

📍 PLACER COUNTY, CA

Goldbud plants exclusive heritage selections of fruit curated from decades old orchards, ensuring a consistent flavor pattern. They are one of the last operations that hand harvests and grades each piece of fruit. Their mountain orchards are rooted in either the deep rich Volcanic Aiken Clay Loam of Apple Hill or the sandier decomposed granite soils of the Gold Hill Region. Both soils retain water and nutrition far better than the valley.

FALL PRODUCE HIGHLIGHT

Pears & Apples

Northern California's fall season brings an abundance of Apples & Pears, Apple varieties like Fuji, Gala, and Granny Smith are reaching their peak with crisp texture and balanced sweetness making them perfect for both sweet and savory dishes, from classic apple pies to fresh salads and roasted pork accompaniments. Bartlett, Bosc, and Comice Pears are at their juiciest and most flavorful during the fall. Their delicate sweetness and buttery texture lend themselves beautifully to desserts, cheese pairings, and poached pear dishes, providing a versatile ingredient for autumn menus.

FALL PRODUCE HIGHLIGHT

Peppers & Chiles

For chefs looking to add bold heat and distinctive flavor, Northern California's pepper harvest delivers an exciting range of specialty chiles. Among the season's highlights are Comanche Creek Farm's Ghost Peppers, Scotch Bonnets, and Carolina Reapers, each prized for their intense heat and unique character. From vibrant hot sauces and marinades to spicy garnishes and specialty dishes, these peppers bring bold flavor and seasonal excitement to fall offerings.

LOCAL GROWER SPOTLIGHT

Frog Hollow Farm

📍 CONTRA COSTA COUNTY, CA

Located in Brentwood, California, Frog Hollow's 280-acre farm is home to thousands of trees that produce peaches, nectarines, cherries, apricots, plums, mulberries, and more. Frog Hollow supports the health of life forms both big and small, all the way down to the billions of microorganisms that reside in the soil. This causes the brix level of their fruit to be off the charts. They are certified organic and committed to regenerative practices.

LOCAL GROWER SPOTLIGHT

Row 7 Seed Company

YOLO COUNTY, CA

Co-founded by chef Dan Barber, Row 7 Seed Company focuses on enhancing the taste and nutritional value of vegetables through innovative plant breeding. Built by chefs, farmers, plant breeders, and plant eaters, Row 7 Seed Co. strives to make ingredients taste better before they even hit the plate. It's a collaboration—a cross-pollination—based on a simple premise: flavor can succeed where commodification has failed. Whenever possible, these seeds are produced and selected in organic systems, in partnership with seed growers across the U.S.

FALL PRODUCE HIGHLIGHT

Beans

Fresh shelling beans are a highlight of the Northern California harvest, with Black-Eyed Peas from Full Belly Farm among the season's most anticipated offerings. Their tender texture and rich, nutty flavor make them a versatile addition to fall menus.
