GEM TRIO
ETA: 2 WEEKS

MARKET REPORT

SUPPLY & QUALITY UPDATES

PRODUCE ALERT

There are **industry-wide shortages** of many produce items from our key growing regions due to extreme heat, INSV, and insect pressure.

We are currently seeing **limited availability, quality challenges, and increased costs** on Iceberg, Romaine, Butter Lettuce, Red & Green Leaf Lettuce, Lettuce Mixes, Arugula, Broccoli varieties, and Colored Cauliflower.

These conditions are expected to continue until growing regions transition in **mid to late November**.

Please stay in close contact with your sales rep for availability updates and substitution recommendations.

We appreciate your understanding as the industry navigates these challenges. GreenLeaf will continue sourcing the highest-quality product available and will provide updates as conditions evolve.
