PRODUCE NOTES

ARTICHOKES: Salinas-grown artichoke supplies have improved and pricing has eased. Scattini Farms small loose artichokes are available, with larger sizes expected later in November.

ASPARAGUS: Mexican asparagus remains limited and expensive. Jumbo asparagus is expected to remain tight through Thanksgiving due to cool, wet growing conditions slowing maturity.

BEETS: County Line Harvest Organic Baby Chioggia, Gold and Red Beets remain limited to weekly deliveries until December. Babe Farms clip-top beet varieties are available to help supplement supply.

BROCCOLI: Romanesco supplies from Babe Farms remain limited and subject to gapping. Organic Broccoli Di Ciccio is back in stock. Broccoli crowns, florets and sweet baby broccoli supplies remain steady.

CARROTS: Babe Farms Baby French and Mixed Carrots are readily available. Baby Round Carrots remain limited. Lakeside Organic Gardens Parisian Round Carrots are gapping with the next crop expected in November.

CAULIFLOWER: Cauliflower supplies are steady with lower pricing. Colored cauliflower remains subject to gaps due to insect pressure.

GREENS: County Line Harvest Organic Baby Arugula, Red Frill Mustard and Bloomsdale Spinach have started from the Coachella Valley. Overall arugula, kale, mizuna and baby spinach supplies remain steady.

LETTUCES: Sweet Gem, Artisan BMX, Little Gem and Pink Rhone lettuces remain challenged by insect pressure and seasonal transitions. Salanova is limited due to slow growth. Yuma production is beginning to improve supplies, and most lettuce production will transition fully to Yuma shortly. Mini Romaine, Butter Lettuce and some specialty programs remain subject to gaps.

RADISHES & TURNIPS: County Line Harvest Easter Egg and French Breakfast Radishes have begun from the Coachella Valley. Easter Egg and French Breakfast supplies remain limited. Coke Farm and Riverdog Farms Organic Baby Turnips are limited to stock on hand until next week.

SQUASH: Mexican zucchini and yellow squash supplies continue to improve with lower pricing. Organic winter squash programs from Coke Farm, Comanche Creek Farm, Durst Farms and Row 7 are now in full swing with strong availability through the winter season.

TOMATOES: Del Cabo organic heirloom cherry tomatoes and Toy Box mixed medley cherry tomatoes are available from Mexico.
